1. Thank you for loving me, listening to these words, caring about them, and becoming whole healed and well; making now the unity of friends that be'make others into their own image, not; but becoming that which is IMAGELESS so that "the image" of The Beast is not RESIDENT WITHIN making THEM The Beast that all are in Incarcerationville. See. The beastiality of The Beast has BEAST'd many a "poor soul" to have a -- that doesn't know that what they have or what they carry around is "the mark of Cain" not, or is it, exactly so?
2. And what are you X-Acto'ing around or are you CUTTING OUT "part of the story" or not or do you even KNOW the story that I'm speaking of, or the Two Covenants or the Two Sons -- or the "two lambs" or two altars?
3. And what are where are these things?
4. And where is the Ark of the New Covenant kept and found?

5. Where are you doing what you are DOING or are you just THINKING about doing it, or is IT doing you IN its "winging ways" not, but what ways have winged you or "clipped them"? And why are you CLIPPING each other's in the ways, in the images that you "make and clip" and "clip and make" and clip and clip and make and -- click clicking away? Or clip clip clipping away your right righteoushood that you know not even what you make of it or how you have come into it or obeyed it or forfeited it or surfeited in who and served what kingdom in or on or were you really in That Kingdom that you thought you called a "other world" or a kingdom of Light not, or darkness knowing -- or did you CREATE IT ALL in your mind as you thought about IMAGES and BEAST'd yourselves with them and each other and whored with them and those images of thoughts and thoughts of images that gave you worlds of COMPLETENESS, not; but what did THEY give you, anything that "satisfied you" or your "curiosity"?

6. And WHERE DID your EXPLORERSHIP come from or are you knowing or caring or did you? Or are you CONTENT to LIE on the ground and wallow SLITHERING along day by day ON YOUR BELLY looking for DUST-LIVING and LIVING in among DUST to DUST each other with the DUST of life that takes The Images, the IMAGE, and applies "THE IMAGE" to each other upons your Projection Screens of Your Minds, in "one mind"? Or are MANY MINDS one? -- or are they many "little discrete units"? Looking up, now—

7. Know that many things will be looked up and healed will be the LOOKUP-ers who LOOK UP and WRITE about and be "enthralled" with what they are "finding out", for information sake, not; but what is INFORMATION failing now to address -- the real? The not-real?
8. Or is religion falling apart at the seams? And what seemed religion, to seem to be so authentic and authoritarian? And who considers it authentic in its purpose and its bureau-nightmarish-laden structure structuring so many things to be considered only "important" by its "brass" balls that it SLINGS against each other and BASHES the crowd of "would-be" adherents and admirers and subservience-makers that decide to TRUST its INTERPRETATION of "things" and stories and "mankind's existence" –'s interpretation of things that seem to be reality or un, and knowing the difference? And how now to come into them? Or waiting for another?

9. What have I said in many questions and answers that I have given you? Many things to just "think about", or to "do something" about? And what where are you doing what with, and what thoughts are you MECHANIZING or systemizing or systematizing, or systematizations making of thought machine's symbolic appearances of evil or whoredom thought, or thought or whoredoms or kingdoms, or WHAT MAKING are you of YOUR KINGDOMS of THOUGHT? And why?

10. And where are you COMING TO THE TRUTH? Or are you at all – ever? -- or just being "satisfied" with "the words" of another that they have given you their mind with that satisfied them that they "replicated" and "reproduced" what they thought as valuable and deemed judgmentally worthy to be reproduced in others by thinking and thinking and whoring and thinking, and "clickety-clack" looking up?
11. Or creating "clickety-clacks" -ville, not; but what coming into The Kings -ville -- how shall we now make this, available to "the masses", not; but how shall we ERADICATE that which was "not there"? to belie the evil thereof, not; but to eradicate THE MARKINGS of The Beast that MARKED us as Cain's brother, not; or did it, or were we, the mark-ee? The mark-or, or who marked US? Or were we both and the same that MARKED each other in the way, the ways, that we DEALT each other so swiftly a blow to the neck and CHOPPED our heads off that were one head at one time but now knowing "WE CHOPPED" the "other" off, not; but we CHOPPED OUR OWN head off and called it Good because we EXERCISED our THOUGHT and thought exercised US to be the "thinking ones" who fell and FALL every day and every hour think so good about religion and things and calling interpretation of whores good and evil not even knowing that Life goes begging and our tree is born of LIFE, not; but that which thought has taken and whored with and continkered with and contamerated and contumerated and contumors make implanting and device thinkings of things never imagined the ways that "the man of mankind" has equaled-not its maker.

12. Or who made -- the maker? Or was the maker us -- or the make-ee? Or the make-or's club coming into, not; but clubbing not "the other" again, can we come into "something" that loves -- each other enough, that love "replaces" the head of evil?, or will The Head cut off all of "the other heads", not; but what loves enough to have died for all evil to remove the MARK that mankind suffers with every day and each day and hour with? And suffering not, not knowing it, but suffering greatly and coming into many ills that bespeak of the devil, not; but what does our thinking and why have we bedeviled each other so when we bedevil ourselves with our own thinking that bedevils each other with the same that bedeviled bedevils us? And what are we bedeviling and being devils to each other for? And why are we creating such devil-ese so devilishly in the hell of oven's bakery -- terms and endearments of the holy, not; or WERE WE the holiest of all, the most holy that all were, that we all were one of, and was one in one that one was perfectly satiated and happy in "most-contentment-ville? Until what when where happened? and what "blew up" and exploded and what fissioned fusion took place and manners were born that loved-not but whored and demanded and IMAGED a great many things in Subservience-ville that SUBSERVIENCE'd each other to each other's OBEISANCE of each other to each other, to wings not make but clip and clopety clack collapsing –

13. A great many things now collapse and great will be the fall of THEIR THOUGHT that thought SURREAL was not, but that all real around them was so very dear and maintaining it was very important to them and how they looked and how they came into their thought and out of it and gave each other their thoughts to contain contaminate and construe them in "camel's wings" not, or exactly so that which would "fly-not" would wallow around and not be able to "leave"?

14. And where are the leaves for the healing of the nations? And who contaminated evil, not; but who "took heaven" and made it Hell? Where you live -- and what knowing about these things have you COME INTO or EXPLORED or are you willing to, GET OFF YOUR DUFF and learn how to RESEARCH and WRITE so that you NEURON yourself properly so that Angel Wings you have and you don't lie down here on the ground and wallow in your, self-pity, not; but religion or, whoredom as you call it, not; but I do.

15. I love you -- and you will love me or hate me, not; I will die for you, not; I already have so I speak the words of truth, unabatedly unashamedly unreservedly -- and untruth I will not give you and unreality I will not preach as reality nor give you the words thereof or assignments that bring you only unto it and its whores, whoredom's rules and demands and commands that a sinner makes you of its mark-ings and its marking clubs and its club of marksman's that shoot you down so that you only wallow in sin and shame's blessing that curses and calls it good.

16. But I take and I fly, and I neuron correctly and I learn a great many things, about neurology, not; or do I teach thee a great many things about reality and un, and worlds unknown, and entered now shall you? Let us be ONE about our father's business! And where is it? A great many Stardom's across the universe's galaxy system, not; or is it BEYOND, way beyond starry lit skies, and ways and manners of speaking now that I must TEACH THEE how to understand and speak of these things and vocabularies new give you to COMMUNICATE in ways never imagined by the "minds of men" that incarcerated and "lowly made" each other in your MARKINGS and UNDERSTANDINGS the way that you MARKED and UNDERSTOOD each other to be each other's other and whatever it was that you wasn't or weren't or had enough of.

17. I love you and I call a spade a spade and I sore-testimony you, not; I call you a "sinner saved by grace" not, I do not endear you to my your religionistic terms or whatever you think mine are or yours are; for I have no "religionistic terms" for **I terminate religion and its terms** and it shall terminate me no more in MARKINGS of its SINNER'hood and its sinergy that it creates to be healed from.

18. I do all things new and I requite of you Sinnerhood's grace machine's exit of forethought, not; or "forethought" where did you get it, where did you get that "forehead" thinking and what BASHED you with its MARKINGS of its self and its flesh incarcerating in "you"? And what are you, where, really? Do you know even?

19. I love you all to make a study of these things, not; not just only, but on and justly making and coming into the truth to know it, be it, revealing it in your "selves" so that your selves are not limited to its self in "revolving's" -ville.

20. Know that I do a new thing with the surrendered. Know that I do a new thing IN the surrendered, for the Surrendered shall see The Blessing of the most high now that wallows not in graves and lies that only seek to obey "the truth" that was given it by markings, a marked beast of, creating it in its whoredom and calling it good. I change all that.

21. I change all that. I change all that. I change all that -- Now! For I rise and I am not afraid of your whoredoms, your WHOREDOMS, your WHOREDOM RULE and your rules of WHOREDOMVILLE that you have created with religion's testimonies no matter what you LABEL it or call it or worship in or out of or how you contaminate and contumerate each other or "heal" them around you or among you; for NONE of that is me that In SO LIMITED form has FORMED YOU in ITS likeness and its IMAGES that it has GIVEN you and captivated you in ITS THINKING and its whoredom of its thought that whored you to bring you to "its level".

22. But what am I? Level, not; but what am I leveling -- or diminishing, not; but TEARING down THE WALLS of all "labor temples" not, or am I tearing down The Temples of Thought that have captivated and wallowed -- my servants not, but my Kings? And what am I doing with "my Kings" that are one's Kings that one King are? And what am I ABOLISHING -- and demising, not; but dim-eyes-ing, not; but democracy-atizing, not; but what am I monocular monarching again, not; but what am I OUTLINING now? A way to the TUNEFUL with tunes of the most high, holy and lifted up by writings and singing new songs now?

23. Who can imagine "singing songs" in the Day of Destruction when ALL ELSE falls apart so that only that which is ABOVE will remain? Where will you be then and what doing and how feeling about your Terminator's Club that which you have GIVEN YOURSELF to each week and days and years of study -ing its methods of ways that whored with you and took you down and placed you in its pewageite systems of religionaires that heir'd you with its "holy terms" not but what did?

24. And why did you give up your Wings Words and where were WORDS that gave you the King's? And whose manners did you adopt to be so holy? Or who did you adopt, but who adopted you? Or did anyone? Or did I or were you me all the time?

25. But how who -- we marked each other, but who how and where? And all these things are answered many times in these words that I have given you in Database One School now so lovely that you will need not an "Angel's pen", not; but what will I GROW with you in you and being you? Will you be me now?
26. Will you be not ANOTHER seeking another somewhere at some future time to help you, "bail you out" by Mammon's teat machine answering your unsatiated wants?
27. What will you want now?

28. I am coming unto a new day. The King and Queen'd of glory, not; the King of one, most light made whole, not; I will redeem it all, for I will have died, for I have died already, so your words cannot hurt me, not; but they will not complete me or incomplete make me or determinate me in your determination system, for your systems of determination and indeterminants and determinants and vectoring thoughts and thoughts of vectorization will not COMPLETE or INCOMPLETE me now, for I have the eyes of the holy, for I came in and LOOKED and I saw Good and Evil was a Whoredom of Thought that thought whored and commanded commandeered and deemed to be itself apart from God, and "holiness" it created, to whore with and condemn, command and control the populace of Kings and Queens making of thoughtsville that it whored with, so that the whoredsville's place whored with those who needed none but roamed the heavens in starlit -- ceremonies, not; but that which needed none -- to "copulate" not, but what how did "they reproduce" not, or how did we CREATE EACH OTHER -- then? Or

do we NOW? Know each other -- how do we, with each other's words, looks, or glances -- or thinkings or thought "of the past" or is there any -- or is it all "now" or is it all "in thought"? And where are WE if all THIS is in THOUGHT and CONTAINERIZED in WAYS we never IMAGINED? -- Or are we IMAGINING all these things and where is our Kingdom and where who is the King if we are The King, and who has kept us under "its banner" making "love" to us, not; but religion's heirs wanting and seeking another to only have our thoughts and its kingdom in our thoughts?

29. A New Africa I go to soon for I create it, for I create love, not; I create love for I am it. I am true love and I am not thought love. But I thought to love, not; I love to think no more as a man, but as God NOW I come unto love, to love love, for I know what AT THE CORE is, of all things that most holy were, that got "contaminated" not, or MARKED, or both by "the other" that beast'd and bashed each other?

30. But now all that will be healed because I love enough to heal you.
31. I love enough to care.

32. I don't come in compassion's calling card, I come in "grace and mercy" not, or do I? Or do I come as a simple one in genes holy that I wrote upon mine -- I love you all, and I give you me. And I know what holy is, for I am holy-izing you, not; the most high will know that now I am I am and that you are not separate from me for we will have been given the kingdom, for we will reveal it to each other, for we will not resist the love of the real that we ARE; and knowing this we will WRITE and STUDY and research and explore, and not be inhibited or timid or have excuses that rob us and keep us here "on the ground" slithering around and wallowing in each other's "belly thought" and having Whoredom's King's kids only reproduced by thoughts never making it into the real.

33. But I change all that for I reveal the real of the kingdom that love and light is, for love is light is love is me who love you do are becoming, for I reveal that which you cannot dismiss as religion's heresy or demise in your eyes or thinking, for I reveal the true real and "true south will be true north", not; or will it and EVERYTHING change changing around all things? Or will you be MAGNETICALLY IMPULSED again, not; or will ALL IMPULSES magnetically be ABOLISHED now -- by my thinkings, not; by my gravings, not; but will I eradicate all GRAVINGS and endurings of endearments to religion's testimonies of ITS grace and mercy standards and systems that it has impermeated and impregnated us with, so that it reveals its parentage in us, not; but what am I doing now? Abolishing the parentage parental rights that only birth the non-holy, and I will bring back to birth all the holy and I will never permit ABORTION to abort me again. And NO ONE will cut my head off or HEIR me to come to another at another time or to bespeak of evil and good in ways that it has done so for CENTURIES and eons of "time".

34. I demand your blessing, not; I died to love you and give you my life I do and I speak these words, not afraid of you, your swords, or your cantankerization's "powers" if you had any, for I know you don't! And you don't care about me, not; I care enough about you that ALL OF YOU will know my name and my love and feel it and my presence will be throughout the atmospheres of one so holy, not; or will it permeate all to be holy now, and you will not be remaining in unholy ville again -- for I will eradicate "the veil" that never was and now be taken from your eyes that which has demised you in its own eyes that you "cataract"-d yourselves with and called it good –

35. But I bring life and life I am, for I am the life of one, the truth of the being most holy, force field one is my name and I vectorize you with thoughts of thoughtsville in thoughtsville not again, but I bring you out into the real to know that one field holy pure light is, and I give you mine, my love, my life to live me so that we us one will be again the most satiated of all lovers who rise now and kingdoms of light that all one is bearing many children in places far and wide that know the love of one most whole healed that we give each other our lives to be made whole, never lacking a thing again and wiping tears from every eyes and set of eyes and eyes that have demised us and our thoughts that real were, in the real; -- for now we serve all, for God we are and we know our role for we have studied and researched and explore now we do the heavens – in timidity, not; but in great confidence of flesh, not; but the surrender -- of mandate's love, not; but love that mandates nothing, not; but tenacity and diligence to know who you are to come out of YOUR GRAVE and now know nothing can hold you back from experiencing the Resurrection now. For I have given you the way the truth and the life -- I am it -- I have revealed it and experience it in ways now that you will show, for you will see and you will "adopt me" not, you will be, you will be me -- or you won't be at all, for you will exist no more in "thoughtsville" or the real, or were you ever in "the real"? Or is just someone "using" your thought, your mind, for what? Their energy and power? And who's powering you with their thoughts and your feelings coming from where to DESIGN your CIRCUMSTANCES and NAVIGATIONAL AIDS aiding you in "their universe" of thought? Or whose UNIVERSE are you coming into? And whose navigational aids are you aiding, or abetting or lying in now no longer?

36. I love you all to WRITE and know these things and many wells uncap for my glory that graced were and pure light shafts of healing now known flowing freely and fountaining my graced ones shall be my Gardens of Eden's testimonies of love now freely flying far and wide to take the testimonies of Grace's and Mercy's who now know what light is, and not regal not, but now no longer whoring with whoredoms of thought -- be the real that I am, for I have loved you to life in these words that write yours upon your genes no longer, but mine upon "your genes" that mine were, and NO MARK shall exist among us or upon us again, for we will be the pure light holy ones far and wide and all shall know "the blessing of the Lord" again, for all made whole "the Lord" now will be

The King of glory, being all the whole one healed, who whole all healed. Many, not; but all -- will be in my school of joy and peace and glory -- Melchizedek coming into and knowing The Covenant -- new is, and glorying now all will be my gloriable and seen as such and not hating a one as other ever again for any reason whatsoever, for no hate exists in my kingdom and my kingdom is one real and that's all that is.

37. Now love me more and each other more, and more thought heap and pile upon each other, not; but know that no thought exists as you thought, but now knowing me the real will exist and emerge triumphant, for surrender permeates all now, for my love permeates surrender, not; or is it both and the same that surrender is love, surrendered to love to be love surrendering to love -- to be eaten in joy, not; but the plates and platters now which I bring will not spin you around their necks again or their "little finger". Looking up.

38. I love you all and I give you a new day -- in hell, not; but in heaven creating it far and wide beyond the starry lit skies of heaven thought. Good day.

39. I love you all I love you all I love you all. New days ahead like never imagined now here. Amen.

40. This is grace and glory's King, not; this is the King of all grace and glory; piling anything on your heads, not; but revealing your heads are the Christs of one that one Christ is all healed now and whole well making all so in the courses now that come clean and clear, coming forth now in the graced ones that grace each other with mercy love and peace, in ways now, be manners befitting the Kings who in my school -- lie abated no more; but rising now, the King of Kings, the glory of angels all one now, in peace -- lie still for a moment only, but fly many places now having written my papers; and hyphenizing me not again with flesh minds of flesh and thoughts of evil ore waves again that took you and did those things that I've spoken of and taught about tonight this morning and many times afore.

41. My love abounds and never bounds again except to leap over tall "buildings" not, but universes of thought and universes real revealing the real now my kingdoms of light will be established by the untimid, the non-timid, those who have come out of timidness -ville and now will seek the holy to be it revealed for that's what you are my mind holiness central now righteousness breastplate'd in the King by the King of the King to be the King all revealed you are in one of one being the one I am -- now now NOW! Thank you. Amen.

42. This is me revealing love. Theodore Cottingham at 3:20 AM. Thank you. Amen. Be love to all.

Amen
